

An Inspiring True Story
Of One Man's Fight To Save
The Beauty, Majesty, And Artistry
Of Historic Circus Wagons.

A DOCUMENTARY FILM BY
GENE GAMACHE AND KIRK CARTER

**"I've had two lives and I must say
the last twenty five years is the one
I'd like to live over and over again"
'CHAPPIE' FOX**

Shot at the world renown Circus World Museum in Baraboo, Wisconsin, this colorful 88 Minute documentary takes an intimate journey into the world of the early American Circus and Circus Parades.

What caused the demise of the early American Circus and the near extinction of thousands of antique circus wagons? Through rare archival footage, in depth interviews with historians, circus performers, wood carvers and restoration experts, you'll learn just how one man, Charles 'Chappie' Fox, single-handedly rescued hundreds of antique circus wagons from the ash bin of history.

Who thought these one hundred year old hand carved wagons could rise again and roll down the streets of Milwaukee in an authentic recreation of the American Circus Parade? 'Chappie' Fox shares his life long fascination with the American Circus. Learn how he passionately collected hundreds of antique circus wagons and restored them to original glory so they could be enjoyed by a new generation.

Features the home of Al Ringling of Ringling Bros fame, The Circus World Museum, Artisan Wagon Restoration, The Great American Circus Parade in Milwaukee and the must see Forty Horse Hitch!
